

My
Reading Targets
Lime Books

 I recognise text types, predict the layout and general content of books and express preferences.

 I can adjust the speed of my reading to suit.

 I make use of blurbs, chapter headings, glossaries, indexes and texts to search for information quickly and accurately.

 I self correct spontaneously.

These are a selection of the targets children will be working on in their reading at this level. Please note that these are just a sample and there are a range of other skills we teach before we move them to the next stage.

Don't forget!

Even though your child can read fluently now it remains essential to hear them read at home regularly. The very best readers need to be able to respond readily and enthusiastically to questions and express informed opinions about what they are reading.

Your child can easily read all Buzz Words; however it is much harder to remember to spell them accurately in everyday writing! Please keep supporting them with this and encourage them to use a wide range of vocabulary in their speaking and listening too.
