

Hatfield Peverel Infant School Sport Premium

What is Sport Premium?

Sport Premium is an amount of money which the government has agreed to allocate to schools for the next two academic years (2013-14 & 2014-15). The funding amount schools receive is based upon the number of children of primary age in the school. The sport premium is to be used to increase the quality & breadth of PE & Sport provision, and increasing participation in PE & Sport.

At Hatfield Peverel Infant School, we strive to promote healthy and active lifestyles and aim to provide sporting opportunities for all our pupils.

2013-2014

The 2013-2014 Sport Premium funding for Hatfield Peverel Infant School was **£8080**

The money was used for:

1) Investing in the North West Essex School Sport Partnership Basic Service Level Agreement to provide the school with the following:

- A full organised annual programme of competitions/tournaments/festivals in addition to the National School Games.
- Participation, inclusion and excellence opportunities
- CPD for curriculum physical education for staff including gymnastics training.
- Promotion and development of links to local sports club
- Central co-ordination of school sport programmes in SSP area

2) Subscription to '5 a day TV'. This is an on-line fitness program that offers 5 minute routines to help children's fitness and stamina. These are used first thing in the morning or after a wet play! It also offers a time to chill section which has been good for calming down children at the end of the day.

3) A day of Yoga Training from an outside agency and the opportunity for all the children and all the staff to experience a session for their class. The training also included a scheme of work to help staff plan and run the weekly Yoga sessions for children. We also purchased yoga mats so each child has their own mat to use in the weekly sessions.

4) Equipment has also been purchased to encourage more active play at lunchtimes. In partnership with the school council we are setting up Playground Pods. These will include dance, basketball, running, bowling and skipping to name a few! Each year group will have one lunchtime a week in the pods, which will be manned by Year 6 Juniors (trained by the PE leader) from our next door junior school.

5) Investment in further P.E. equipment, with a view to offer quality provision throughout the school. Items bought include new mats for gymnastics and a new trolley for storage.

Impact:

The Sport Premium Funding has impacted our school in the following ways:

- Access to high quality coaching for children and staff training
- All staff trained in Yoga and this is rolling out across the school from March onwards
- Continued access to previously held sports festivals and competitions. This should include a wider range of events to participate in at KS1 level
- All staff will be trained in rolls and inversions for gymnastics
- The start of the Playground Pods will increase the amount of activity at lunchtimes
- 5 a day TV is increasing fitness and stamina and co-ordination in the school
- The opportunity for P.E. to continue to develop and retain a high status within the school

Plans for Further Investment in Children's P.E. & Sport Provision

Throughout the remainder of the Academic Year and into 2014-15 the school plans to further increase the quality & breadth of PE & Sport provision, and the level of participation in PE & Sport across the school by:

- Buying in qualified coaches to deliver lessons alongside teachers
- Top up yoga training for new and returning staff
- Training for Foundation Stage teacher in BUPA Start to Move programme for infant schools
- Monitor the existing new initiatives to ensure they are having an impact on the children
- Invest in hockey equipment and coaching
- Invest in dance coaching
- Explore before school clubs and a sports festival for the whole school
